Draft House Bar and Restaurant was founded by the brothers Mike and Mark Franklin about two years ago. This is a dining restaurant that has full course meals, and also has a bar within the restaurant.

"I believe having a person with autism on our staff is a huge asset to our restaurants operation. We all know Nick and enjoy the qualities he brings to our restaurant. We've only employed one individual with disabilities but would love to have others."

Reported by Carrie Kotlowski, Edgewood College, March 2007, for Professor Denis Collins (dcollins@edgewood.edu) and the 2007 Good Samaritan Award, co-sponsored by the Samaritan Counseling Center and Edgewood College.

Draft House Goes Beyond the Call of Duty for Autism

- Proactively employs people with Autism
- Nick, who has autism, has been on their staff for two years
- Gives access to Nick to do things independently; clocks in, fills soda, rolls silverware, wipes tables, etc.
